Preface by Editor-in-Chief

Journal of Science and Applicative Technology, Vol. 4, No. 1

June 2020

This is my first editorial preface as the new Editor-in-Chief of the Journal of Science and Applicative Technology (JSAT). The journal has a strong reputation for quality in the field of science, technology, and regional development. In June 2020, JSAT was indexed by Google Scholar, Neliti, Portal Garuda, One Search, Base, PKP Index, and Crossref. And also JSAT has been nationally accredited by Directorate General of Research and Development Strengthening (DGRDS), Ministry of Research, Technology and Higher Education of the Republic of Indonesia No.: 36/E/KPT/2019, dated December 13rd, 2019. Therefore, let me thank all people who have been contributed in getting the journal to this point.

First, I would like to acknowledge the hard work and visionary leadership of my predecessor Editor-in-Chief since 2017. Creating a journal from scratch is no easy, particularly when its desired destination is to be a journal of high quality. Due to the journal quality improvement requires the editorial team of dedicated professionals to read, critique, and manage submissions. Second, I would like to specifically thank Managing Editors, Editorial Advisors, Section Editors, Copy Editors, Promoting Editor and Reviewers who fully support JSAT in the review and publication process.

We are glad to present to the readers the fourth volume of our scientific journal for the June chapter. In this issue, we continue to publish the results of interdisciplinary scientific researches in various aspects. We are also glad to have authors who have contributed to the publication of JSAT. Special thanks are for our future readers. We will not be able to exist without you.

Editor-in-Chief,

Dr. Sena Maulana, S.Hut., M.Si.
